

The Lomond Press

VOL. 1. NO. 43.

LOMOND, ALBERTA, FRIDAY, JUNE 1, 1917.

\$1.00 PER YEAR.

LOCALETS

W. H. Smith, Al Little, Joe Rodgers and W. B. Manning attended the Liberal convention at Champion on Monday.

Political excitement has been dormant as far as this part of the province is concerned. Nevertheless the Liberal party is holding a public meeting in Lomond to-night at which the member-elect, Jas. McNaughton M. P., and Hon. Chas. Mitchell are slated to speak. This is an open meeting and everyone is invited to be present to hear discussed the political issues of the day.

J. D. Moran made a business trip to Calgary this week in connection with the delivery of a couple of J. I. Case tractors.

Mr. Kennedy, the new hardware merchant, and E. G. Paddon, the retiring business owner, are in town this week taking stock.

The Home Grain Co. is erecting a coal shed in Lomond.

Wheat prices in Lomond today are \$2.00 on the street.

The Heather boys took home a new Gray Dorr this week, purchasing from the local agent, "Duke" Armstrong.

George Venner has severed his connection with the Alberta Farmers Co-operative Elevator Company and is going into partnership with Abe Parker in the stock buying business. These gentlemen intend carrying on operations on an extended scale throughout Southern Alberta.

H. E. Elves is doubling the size of his residence, J. D. Walker having the contract on the erection.

Preliminary work has been commenced on the new bank building.

L. Whipple and L. Dorman made a week-end trip to Lethbridge on Saturday.

Several degrees of frost visited this part of the country on Tuesday and Wednesday evenings, but no serious damage has been reported.

Mrs. Dwyer, of Calgary, is spending a month or so as the guest of her sister, Mrs. A. Hamilton at Wheat Centre.

Compulsory Service

At last Canada has come to compulsory military service. Personally we are convinced that if we have got to have war we must have compulsory service—and we would much prefer indulging in either. Just now we would rather serve at the front than live in Canada after peace was declared if such should happen that our enemies prevailed. We believe that the Ottawa government is trying to deal fairly with the citizens of Canada and the adoption of a selective conscription will be conducted in such a manner as not to allow the introduction of political motives.

Lomond Circuit

Kasimer, Sunday School 10:00 a. m., preaching 11 a. m.
Travers, preaching 3:00 p. m.
Lomond, Sunday School 2:30 p. m., preaching service 7:30.

FOR SALE

Native grown strawberry plants, \$1.00 per hundred.—Jas. Archdekin, Badger Lake.

BASE BALL

Travers won the Thursday afternoon game by a score of 16 to 12. The Lomond boys had it fairly won and faded away in the third innings. Travers pitching box was occupied by three different men, while Lomond placed two personalities in opposition.

Lomond fans turned out in large numbers.

As an exposition of base ball the game was punk.

Our further opinions about the game are strictly censored.

It is understood that the Lomond team will make an attempt to land the \$500.00 base ball trophy at the Medicine Hat Stampede.

Council Meets

The village council met in regular session on Tuesday evening and passed the Half Holiday By-Law to comply with the petition of the local business houses for the weekly half holiday during the summer months, to take effect on May 31st and from then each and every Thursday afternoon during the months of June, July and August.

Travers and Enchant have decided to take the same days.

This will mean no hardships to outsiders once they keep in mind this particular day and will allow us town fellows to get outside and fraternize with each other.

All business houses are required to close, excepting places of refreshments and amusement—this includes garages, livery stables, restaurants and ice cream parlors.

NOTICE

As requested by the business people of Lomond through a petition, the Council has passed a By-Law causing all places of business to be closed every Thursday afternoon from May 31st to August 30th inclusive. All encroachments will be prosecuted according to law. All stores and places of business will close at 1 o'clock p. m. sharp.

By Order.

Serious Auto Accident

Rev. Armstrong and Mrs. Armstrong met with a serious accident on the Ried Hill road about two miles out of Vulcan about midnight on Tuesday, by running his car into a tractor. The tractor was left on the roadway without lights. Rev. Armstrong was badly shaken up while Mrs. Armstrong was severely cut from lip to chin being thrown through the windshield. They left for Calgary Wednesday. The car was not so badly damaged as might be expected.

Rev. and Mrs. Armstrong were on their way to attend the Alberta Conference being held in Calgary.

Passports Now Necessary

The order-in-council prohibiting the departure from Canada, without permission, of male citizens between the ages of 18 and 45 years, has been issued in the form of a public proclamation. It will be posted in conspicuous places throughout the Dominion. The order-in-council declares that anyone of age who leaves or attempts to leave the Dominion without the written permission of a Canadian immigration inspector, or of some other person duly appointed by the minister of the interior to issue such permission shall be liable to a fine not exceeding \$2,500 or to imprisonment for a period not exceeding five years or to both such fine and imprisonment.

It is provided that any person who shall aid, abet or advise the commission of any offense against this regulation shall be liable to similar fine and imprisonment.

Authority is given to immigration inspectors and other persons authorized to enforce the new regulations to enter and detain any ship, boat, train and vehicle and to remove passengers suspected of trying to leave the country and place them under arrest.

TRAVERS

A Mr. Buchan, cousin to our local townsmen is contemplating putting up a building for a large garage here, with the number of cars in the district more than one Garage is needed to meet the demand of repairing.

Bills are out announcing a big concert and dance June 8th by Midway Club to be held at Midway school house north east of here.

Miss Mary Koch is out to her brothers visiting for a few weeks.

A good game was pulled off Thursday between Lomond and Travers, some good playing and some bad mistakes were made on both sides. A change of pitchers was made with both teams. Travers looked pretty small for the first five innings with no scores to Lomonds five, but when the rooters and coaches got busy, Travers spirited up and came right along till they reached 16 scores and Lomond came along with three more the last inning making them thirteen. There was lots of jeering and noise, the crowd gathered from Carmangay, Champion and all the near by towns. Champion still leans toward Travers when it comes to betting and win.

Mrs. Charley Barnett has been quite sick with lumbago, she has been in bed for two weeks but is now on the mend, Mr. Barnett is also under the doctors care for an abscess.

Another serious accident occurred last evening, Mrs. Cyres, her son, daughter and husband and child were driving home from town while passing Mr. Lees the dog ran out and barking scared the team causing them to run away upsetting the occupants and seriously hurting Mrs. Cyres and grandchild. Mrs. McCann and Mrs. Bruce came along in the car and noticed a woman out in the field waving her hands, they stopped and soon seen the situation and helped them to the house of Mr. Lees and he came into town and phoned for a doctor but could not get one for several hours. Woodcock came and ordered them sent to Lethbridge Hospital at once Guy Paulson was sent out to take them in his car, at last reports they were both unconscious and badly bruised inwardly.

A political meeting was held here Monday evening of the Liberal nature. Mr. A. J. McLean, Mr. Sheppard and others were the principal speakers. A fair sized crowd listened with much applause and enthusiasm for Mr. McLean as a Candidate.

Mr. Woomer, of Enchant, has moved his family here and set up his harness shop in the building next to the bakery.

Another issue of the Travers Times has arrived and been read by all. Wonder who is the first to send in a subscription.

The game on Sunday was largely attended both by Enchant, Retlaw and Travers. It was agreed to only play seven innings, at which Enchant had eight scores and Travers five which shows up good for Enchant by having one of Travers old players.

Mr. Hastings has been laid up for a week with a lameness in his knee.

A "light" man by trade not by looks looks has been canvassing the town and country meeting with good success.

Mrs. Guy Paulson has been ill for the past week.

RAE L. KING, PROP

LOMOND, ALBERTA, JUNE 1, 1917

Wheat is a Winner

The following is extracted from the "Turlock Journal" of Turlock, Stanislaus County, California:

"The munition manufacturers are not the only people making money out of the war. J. R. Armstrong, in leaving for Lethbridge, Southern Alberta, today said that three years ago he rented an improved ranch of 700 acres of summer fallowed land on a crop rent basis. The place was valued at \$14.00. In three years he paid the owner just \$24.970 for the use of that land, meanwhile the owner was living in southern California. The total taxes on this land for the three years was \$24.00. There was a grain elevator on this ranch that Mr. Armstrong had charge of. The managers of these elevators all over Canada were helping to collect a patriotic fund. As the farmers came in and drew down an extra big check they were given a chance to share their blessings with the soldiers by contributing to this fund. He said that some of these newly rich farmers gave freely, in some instances as much as \$500. Mr. Armstrong called the attention of his friend, the owner of the ranch, to the fund, and after deliberating, wrote out a check for \$60. He says that in some cases, as much as \$15,000 worth of grain was produced on 160 acres of land. Mr. Armstrong still makes

Turlock his home and after getting the spring work started, he will leave the farming in charge of his son Vivian. He expects to return to Turlock in about a month. Hurbert Dunn, one of Turlock's best known farmers, went with Mr. Armstrong. Mr. Dunn has purchased a section of land at Lethbridge and loaded his farming outfit in two cars Saturday and started them on their way. Mr. Dunn leaves for Portland where he will wait for the cars and will load nine head of work horses. Mr. Dunn is a practical farmer and no doubt will make good wherever he goes."

Some Facts About Canada

Mr. Frank Yeight's 5,000 facts about Canada is always a valuable publication, seems particularly timely in the year of the jubilee anniversary of confederation. Our progress in fifty years may be illustrated by a few figures. Population has increased from less than three and a half millions to eight millions, as estimated. Post office savings deposits have increased from less than a quarter of a million to forty millions. Trade is more than ten times great as at confederation. Railway mileage is sixteen times as great. Wheat exports have increased sixty times. Manufactures have increased five times. All this, of course, refers to material growth. Many things cannot be expressed in figures.

Yet without this material growth, Canada might have been a source of weakness and anxiety to the rest of the empire, instead of a source of confidence and strength. Education, political development, all the signs of a high civilization will be observed by those who read the history of half a century of United Canada.—From the Toronto Star.

CHEMIST - DRUGGIST

The modern farm requires expensive buildings. In a few years these rapidly deteriorate unless protected by good paint.

SHERWIN-WILLIAMS

PAINTS AND VARNISHES FOR FARM USE

No farm owner can afford to leave his farm buildings unpainted. When new they appear to stand the weather alright, but surely and gradually the lumber begins to crack and check, decay starts, and before you realize it you have a leaky, draughty barn, and expensive repairs are necessary.

The regular use of paint means a small outlay occasionally, but it keeps your buildings as good as new.

S-W Barn Red is a special paint for painting farm buildings. It is economical in price and it gives good service. It is one of the full line of Sherwin-Williams Paints and Varnishes which we carry in stock.

A LIFE PRESERVER A TRAVELLING BAG

Designed not only to look like an ordinary travelling bag but to be used as one under ordinary conditions, a life preserver that has just been invented apparently provides a sensible solution of the problem of safety at sea in time of sudden emergency. The bag is equipped with a false bottom that serves to hold in folded position a water-tight union suit which is attached in such a way that the bag and suit act as a water-tight unit. In an emergency all that is necessary is to dump out the contents of the bag, remove the false bottom to let the suit unfold, and get inside. The user then closes and locks the top over his head and jumps into the water, the required buoyancy being supplied by the bag. The body of the bag is equipped with a window and with valves that admit air but not water. Inside, there is space for storing food and water sufficient to last several days. To prevent disaster in case the water-tight suit is punctured, an air-tight bag that is easily inflated is installed inside the travelling bag.

More Elevators to Build in Alberta

Elevator companies are planning to construct this spring a large number of new storehouses in Alberta. The Alberta Farmers' Co-operative Company count on putting up 40 new elevators in the province before the 1917 crop is ripe, these to reach from the Peace River to the southern

Manager.

boundary. Already 36 sites have been secured and negotiations are under way for the remainder. All railway lines are being treated impartially, and new structures will appear this year on practically every branch of line in the province. The cost of the elevators is placed roughly at \$350,000 and the capacity will run all the way from 35,000 to 65,000 bushels each. The buildings will be planned much the same as those already in use by this company, and all will be modern hand-

ling and atoring buildings.

Placing the average storage capacity of these elevators at 40,000 bushels, the total additional capacity which will be provided by this company for the 1917 crop will be 1,600,000 bushels. Work is to be commenced at once, and about 150 men will be employed.

The C. P. R. auditor spent a couple of days in the local depot this week, making his usual rounds of inspection.

TRAVERS---Continued.

The ball game at Champion was nothing much but a bluff. The umpire called the game off at the 5th inning with Stavelly two scores, as they had to make the six o'clock train, but there, a time coming. All of Travers accompanied the ball team and enjoyed the game between Champion and Stavelly in spite of the rain.

Jack Bain has invested in more of Alberta's soil having bought Stavelly Kaytes quarter section.

The rooming house has changed proprietors again, Roy Whitting having dealt it off to Wert Weist, Mr. and Mrs. Lacy of the Pioneer Lumber yard will have the managing of the house and will take possession in a few days.

George Whitting has in a car load of Dodge cars, which he intends to dispose of rapidly.

Miss Lillian Jussul, of near Barons, who has been visiting in the vicinity since Wednesday returned home on Sunday.

Economical Boomerang

An Economical Boomerang, which is to be played at Midway School house on June 8th is a play which is full of vim and spirit to finish. The characters are well arranged, each part is to be handled by a capable person. It is well worth the while of anyone to attend the concert if just for the play alone. The various characters are as follows:—

Mr. Alexander Dableton, suddenly seized with an economical streak, Mr. Severson.

Mrs. Alexander Dableton though disagreeing acquiesces, Miss H. Bausch.

Mr. and Mrs. Bird Plover, a recently married couple, Mr. L. Whipple and Miss V. Knapp.

Doctor who is laboring under a misapprehension, Mr. W. Haynes.
